I will send you the text chain between me and Raffensperger. Bottom line Dominion machines down in multiple polling precincts in Columbia County my Republican Strong Hold. This should give the President the Ammo he needs to go after Raffensperger. Call me if you have any questions, this has been going on since 7 am this morning, I have alerted both the Perdue and Loeffler campaigns s and they are on it.

This is voter suppression in a Republican stronghold and I am holding you responsible, Dominion has to go, I have had it with this incompetence! Rick

As I mentioned, I'll text you the bullets that we've been sharing with Chairman McDaniel, Richard Walters, and a tight group. As an update from our conversation, turnout is high in Cobb and DeKalb county (urban areas) that is hurting us. But turnout is also high and steady in Republican strongholds. This is 74k more votes than they have been reporting. This increase would be bad for Republicans as absentees typically add to Democrat margins. The Georgia RNC Team reached out to the Secretary of State's team to infer about the discrepancy and his team issued a correction stating that there were in fact only 229,357 absentees outstanding as we had thought. The Secretary of State admitted this fault in a tweet. Source: Secretary of State Brad Raffensperger

Lowe reinforced this truth: ♦ ♦ That an unconstitutional statute is not a law at all is a proposition no longer open to discussion. ♦ ♦ 226 F. 135, 137 (SDNY 1915), appeal dismissed, 242 U.S. 654 (1916). ♦ Following this rationale, an unconstitutionally appointed elector, like an unconstitutionally enacted statute, is no elector at all.

Violence is never acceptable! MAGA supporters embrace our police and the rule of law and should leave the Capitol now! 2) The fake news media who encouraged this summer's violent and radical riots are now trying to blame peaceful and innocent MAGA supporters for violent actions. This isn't who we are! Our people should head home and let the criminals suffer the consequences!

Mrs. Trump has also signed off. Nobody but the four of us have heard this statement. Regarding logistics, this likely should come from the WH, but it has to be ready to go out as they're starting the final vote, and I'll background that a statement will be coming at the time of the vote. Even though I totally disagree with the outcome of the election, and the facts bear me out, I have always said we would continue our fight to ensure that only legal votes were counted. Nevertheless, there will be an orderly transition on January 20th. While this represents the end of the greatest first term in presidential history, it's only the beginning of our fight to Make America Great Again.

We tried everything we could in our objection to the 6 states. I'm sorry nothing worked. I don't think that President Trump caused the attack on the Capitol. It's not his fault. Antifa was mixed in the crowd and instigated it, and sadly people followed. But when people try everything and no one listens and nothing works, I guess they think they have no other choice. Absolutely no excuse and I fully denounce all of it, but after shut downs all year and a stolen election, people are saying that they have no other choice. I defended Trump last night on Newsmax. He has been the greatest President. I will continue to defend him. And you if anyone attacks you. I hope you are ok. I feel badly for everyone.

Our Nation is at war, it is a Spiritual War at the highest level. This is not a war that can be fought conventionally, this is God's battle and He has used President Trump in a powerful way to expose the deceit, lies and hypocrisy of the enemy. The Trump family and all of us have paid a heavy price to be used by the Father but the War is just beginning. We have had a major set back and people are taking sides, and my plea to my fellow believers who want to cut and run is judge not less you be judged, we have all fallen short of the Glory of Almighty God. What I heard during my prayers is the Trump family and the Administration need to be surrounded by those great Pastors and Evangelicals who have and continue to love and support them. President Trump need to be ministered to, he needs the love that only Jesus Christ offers! This is his opportunity to confess that he can no longer fight this battle alone, he must give it to Christ and God almighty will show him the way to victory. I will continue to pray for all of you, please let me know how I can help??

If the evidence is not shown to the public in 11 days, then it will be subverted & the false narrative will likely be the Trump legacy that DT & his loyal supporters under his urging attacked the Capitol. It was a brilliant leftist op, but it's got to be exposed by DOJ quick.

Been thinking and praying a lot about everything transpiring right now: I know you will experience a lot of hate and vitriol, but I know it would be very powerful right now if you spoke up (in the tone of VP Pence) and called for peace and rule of law, acknowledging Biden's win and saying conservatives/GOP will work through all lawful means to curb the excesses of his administration while working hard to build a future for the GOP that has integrity and honor. A step away from Trump and the chaos, towards a stronger future for conservatives. What are your thoughts? Again I know you will experience a lot of heat and misunderstanding. But there is a great future ahead, I believe, if we are willing to return to principles and personal integrity for political leaders as core to the strategy to make our nation more noble and more just not obstacles to the strategy. As the timeline shows, Trump started speaking at 12 noon. He ended at 1:10 p.m. However, protestors gathered outside the Capitol at 12:30 p.m. and confronted Capitol Police. They broke through Capitol Police barricades at the Capitol at 1 p.m. ♦ 10 minutes before Trump finished his speech. Anyone who attended Trump's speech was a 45-minute walk away from the Capitol. The area was closed to traffic. So walking was the only practical way to get to the Capitol. As the Post said, Trump ended his speech by urging his followers to march down Pennsylvania Avenue. ♦ We ♦re going to the Capitol, ♦ he said. ♦ We ♦re going to try and give them [Republicans] the kind of pride and boldness that they need to take back our country. ♦ However, that was 10 minutes AFTER protestors had already broken through the barricades and at least an hour before anyone who heard Trump's speech could have gotten there. NOTE: CSPAN reported rioters in Statutory Hall at 1:33 p.m. That ♦s well before anyone could have heard the end of Trump's speech and walked to the Capitol. For nothing. He did not cause the attack on the Capitol. Leadership is clueless about how the American people feel! They complained about the security at the Capitol and their lives being in danger. I have and will continue to help deliver real results from AZ. We will get the forensic audit done in AZ by the state legislature (senate) and hold people accountable to their roles involved. With that in mind I would like to ask the status of some of the folks on the President's potential pardon list. 1). Frm Congressrman Rick Renzi from AZ. He was very helpful to me in my past life as a dentist in the ADA. What a setup like US Senator Ted Stevens. Convicted in federal court served time, only to be supported with his staunch stand of innocence when the gov ♦t witness whose testimony was key to his conviction, came forward stating they ♦re lying on the witness stand. A big supporter of the President. Also great optics. 2). Build The Wall folks, Brian Kolfage, the disabled US Veteran who headed it, Steve Bannon who helped to get it promoted was involved in operations, and Kris Kobach who was involved and helped legally with its operations. As you are aware the Southern District of NY has charged them with fraud, stating that 100% of funds raised that was sent to the building of the wall, didn ♦t because some small amount went to salaries for direction and oversight/coordination of those funds to be directed properly. 3). Ross Ulbright- China Road creator.....unfair penalty as a result of his actions. Probably not a pardon but commute sentence to reasonable time frame. Also could put him to work as a consultant, working to reign in out of control platforms with his inside knowledge of their construction and weaknesses. Similar to the true story of ♦ Catch Me If You Can ♦ movie of Frank Abagnale. Let me know if you can where these sit. As always let me know what I can do! You are all in my prayers and thoughts!! I did everything I could do. I have spent every liquid cent I have on all these investigations because the Lord asked me to. The 2 programs (that document that needs to be signed to release) were brought forward to be vetted by Bill (the best in the world) because the Lord showed me early on they were real. Social media attacked conservatives. Their actions are anti-American at their core. As I keep saying, the same leftists who condemned a bakery for not serving a homosexual couple are applauding social media companies for refusing a constitutionally protected right (free speech) by prohibiting service to the president who was well loved by 1/2 of the country. Insanity. And nothing will happen. Newsmax - which is not liberal, is treating this like a theoretical or academic argument. It ♦s far worse. Trump needs to sue all social media companies. And 74 million Americans need to join that lawsuit.

If he pursues these types of lawsuits... there will be discovery and depositions. The truth about the conspiracy against Trump will reveal itself in these civil cases. If I were in his shoes, I would use my MAGA war cheat in this way.

I know you have been through hell, particularly after the fraud of an election..... Please let President Trump know how much we (not only my family but 100+ millions of Americans) respect and admire what he has done and will continue to do for America..... I can't imagine the pressure he (and all of his staff...especially you in your position) faced everyday...I am sure for the POTUS everyday was difficult....from the day he announced running for office the man faced an onslaught of fire from his enemies, the press, et al... A lesser man would have folded....many of his staff did fold... Mark, from what I can tell, you stood with him and faced the onslaught of corruption in the media, the democrats and those RINOS whose only focus is their power and personal gain.... God will dole out the deserved justice to those who've committed treason and other crimes against nature.... You continue to have my deepest respect and admiration.... I hope when time allows our paths will cross again.... You have a standing invitation for dinner at anytime.... God bless you Debbie and family... If possible please pass our deepest regards and respect to the President... The spirit of Caesar Rodney in a quote from the same...." No one was either Tory or Whig; it was either dependence or independence" It's either Conservative or Progressive!!! The war continues...one loss....strenghtens the focus and makes us stronger!....God Bless
